

Community Heritage Officer – Past is the Future

The Dulais Valley Partnership (DVP) has been working closely with local community groups in the area to secure Heritage Lottery Funding for a community heritage project. The application has been successful with the DVP receiving a grant of £49,900.

The project entitled 'Past is the Future' aims to conserve and enhance Dulais Valley's diverse heritage by engaging communities and groups to identify, preserve and celebrate their heritage.

A Community Heritage Officer (Katie Millien) has been appointed to facilitate the 2 year project which will

include the production of a bilingual Dulais Valley Heritage Trail booklet, the creation of an interactive website and a portable heritage exhibition.

A series of workshops will be held with local community groups and residents to identify significant heritage sights in the area.

Katie also hopes to work with pupils at the local schools in looking at what heritage means to the younger people of the Dulais Valley.

It is hoped that the project will encourage the

participation of people who have not been involved in heritage before, as well as increasing volunteering opportunities in developing and supporting a legacy for future generations.

Anybody wishing to volunteer to be involved in this project please contact Katie at the DVP on:

01639 701880 or e-mail katie@dulaivalley.org.uk for more information.
